

## **Send a Student to the Theatre**

### **Student Subscription Program Application**

Third Rail Repertory Theatre's Student Subscription Program invites students to apply for a season subscription for all Third Rail Main Stage plays (and in some cases National Theatre Live Broadcasts) and we hope you'll join us. Patrons of Third Rail are asked to sponsor the students who have applied for the program. Applications are reviewed by Third Rail Company Members, and applicants are notified of approval status within two weeks. As a sponsored student, you will receive benefits including the ability to book all your dates in advance, early access to the theatre on your performance dates, additional tickets for only \$10.00, unlimited date exchanges without fee, and access to study guide materials. You are required to write a thank you note once accepted into the program to the patron that sponsors you.

Brief biography of yourself (150 words or less):

I am a 20 year old theater student at PSU. I have been doing theater since freshman year in high school. I haven't ever been someone with a whole lot of resources so I've had to go out and make my own opportunities and fight for whatever resources I've wanted. I am a Portland Native and am looking to be involved in this great community in more and more diverse ways. my interests outside of theater include Urban Planning, Massage Therapy, Sociology and Psychology. I love cycling and experiencing anything new, weird, or exciting.

What would this opportunity mean to you? (150 words or less):

This would be a chance to see the work being done in my community and seeing theater is an important part of a theatrical education which would be very beneficial asset to me. Right now as a full time student and full time employee receiving no financial assistance outside of loans, I don't often have spending money and find it hard to see as much theater as I want. additionally a secret part of me hopes that by receiving this subscription I get one step closer to a company that I would be so incredibly honored to work with. This subscription would mean that I could relax just a little bit more and could see some of theater I need to see.
